Re: Jane Gibson

Interviewed Miss Margarette McKinnon, George Street, Avenel, N.J.

Operative reported to the office of Mr. Watson and received instructions from Mr. Palzer. Then left for Avenel, N.J. to interview Mr. Henry McKinnon, who wrote a letter to Mr. Pfeiffer.

Upon arrival at the home of Mr. Henry McKinnon found that he was out. His daughter, Margarette, answered the door. She informed Operative that her father, Henry McKinnon, is 70 years old, is a heavy drinker and she did not know where he is to-day, and that he probably is out on a debauch. Showed her the letter mentioned and she said he must have been intoxicated when he wrote it. That he has written letters on several other occasions to different people. She claims that her father knows nothing whatever about the murder and convinced me that he was intoxicated when he wrote the letter.

Miss McKinnon appears to be a refined type of person, about 28 years of age.

Operative stopped in a grocery store on the way to the car and inquired of the proprietor if he knew Henry McKinnon. He replied that he does and that he is a very heavy drinker and is most always drunk when he sees him.

Operative then returned to New Brunswick.

Respectfully submitted:
